"Muffin and the Secret of Black Rain"

Author: Park Iaroslav
Support: Shawnee Lee

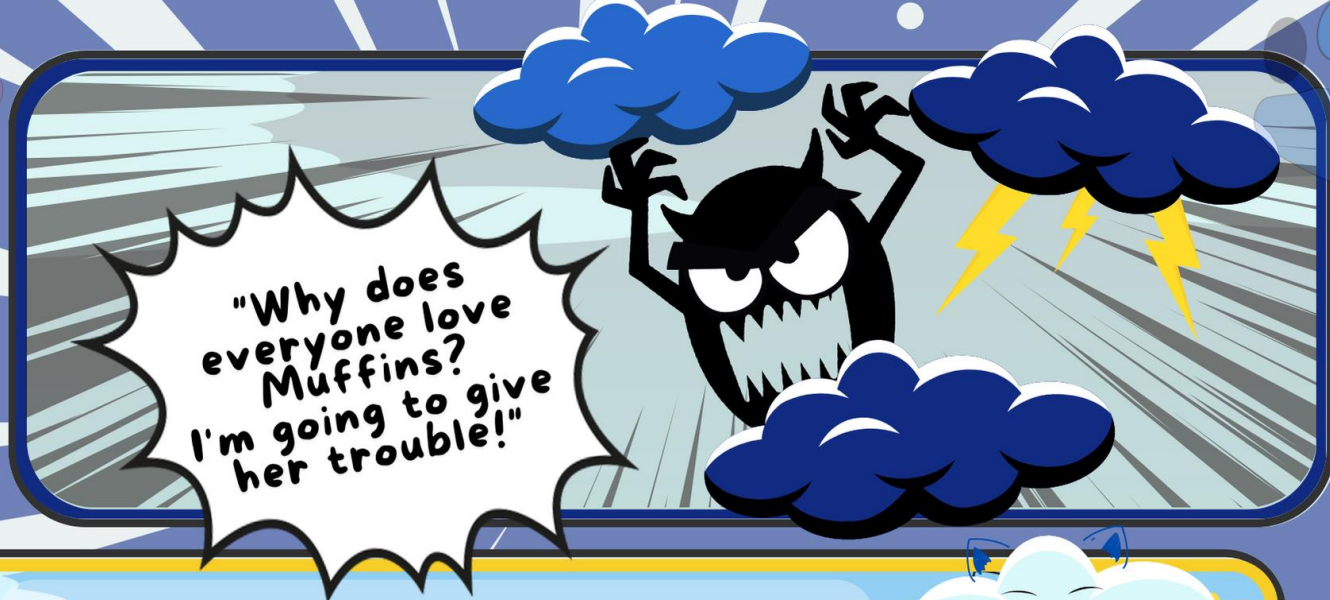

High in the sky lives a cheerful cloud
named Muffin. She always smiles and
brings joy to everyone.

Every day Muffin watered the flowers
and delighted the children with warm
summer rain.

Merry Cloud knew how to make
the brightest rainbows, which
delighted everyone around.

But not everyone was happy with Cloud's success. In a distant corner of the sky, Black Shadow was hiding, very jealous of her.

While Muffin was sleeping,
Black Shadow snuck up on her
and poured black paint on her.

YEAH!

In the morning Muffin
was horrified, all her
drops had turned
black!
